BOARD OF ADJUSTMENT APPEAL.

4-A-1. The City Clerk read **In the Matter of Application of Sussex Avenue Urban Renewal Corporation, Owner and Applicant, to permit in a Second Industrial District a Rooming/Boarding House for the homeless with insufficient on-site parking and not meeting the requirements for conditional use approval; on premises 224-234 Sussex Avenue.**

(Central Ward)

(Copy of transcripts submitted to each Member of the Council)

(Mr. Eduardo Esposito, Mr. John Curcio, Mr. Gary Piryliis and Ms. Rachel

Sibio, Appellants)

(Board of Adjustment hearings held November 8, 1990 and November 28, 1990)

(Transcripts filed December 10, 1990)

The Board of Adjustment at its regular meeting held November 8, 1990 postponed a reserve decision to their meeting of November 28, 1990.

The Board of Adjustment at its regular meeting held November 28, 1990, approved the application by 5 ayes and one not voting.

An appeal in this matter was filed in the Office of the City Clerk on December 4, 1990 by Irvin L. Solondz, Attorney for Appellants: Eduardo Esposito, John Curcio, Gary Piryliis and Rachel Sibio.

The transcripts in connection with this matter were received December 10, 1990 and each Member of the Council was furnished with a copy of the transcripts and other parts of the record.

On December 28, 1990, the City Clerk notified the applicant, the applicant's attorney, the appellants' attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting January 23, 1991, at 8:00 P. M., in the Council Chamber, Second Floor, City Hall, Newark.

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment in the Matter of Application of Sussex Avenue Urban Renewal Corporation, Owner and Applicant, to permit in a Second Industrial District a Rooming/Boarding House for the homeless with insufficient on-site parking and not meeting the requirements for conditional use approval on premises 224-234 Sussex Avenue. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No new testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and the place for the appeal to commence.

Council Member Branch stated the following: "Initially, I would like to state that I am dedicated to providing assistance and care to the homeless. As Councilman for the Central Ward, my ward is not against the location of homeless shelters within our ward. In point of fact, we have seven (7) homeless shelters within the Central Ward, probably more than any ward in the City. I must however, ask my colleagues to disagree with the action of the Board of Adjustment as to this particular homeless shelter. The reason for my recommendation to reject this application is as follows: (1) This homeless shelter will have a negative impact on this area of the Central Ward and will destabilize this important neighborhood; (2) This neighborhood cannot withstand the large increase in the number of homeless individuals living at the proposed homeless shelter; (3) The Board of Adjustment record below is lacking and has failed to meet the legal standards required for granting of a variance. Based upon examining the transcript of the hearing, based upon the important testimony of the residents who work and live in that area, I urge all of my Council colleagues to reject the action of

the Board of Adjustment and to deny the variance and the granting of the conditional use," seconded by Council Member Tucker and declared adopted by President Grant by the following votes:

Yes: Council Members Bradley, Branch, Carrino, Harris, Martinez, Rice, Tucker, Villani, President Grant.

Council Member Rice, through the Chair, directed the City Clerk to communicate with Business Administrator Monteilh, requesting that a listing of all permits issued for this variance, dates issued, reason for permit, who was the applicant and who authorized the approval be furnished to the Members of the Municipal Council.

Council Member Martinez, through the Chair, directed the City Clerk to invite Business Administrator Monteilh, Corporation Counsel Grant, Acting Director of Health and Human Services Ruffin and Director of Division of Welfare Highsmith to meet with the Members of the Municipal Council at a future special conference to discuss testimony by Administration at Board of Adjustment application hearings.

Council Member Rice, through the Chair, directed the City Clerk to correspond with Mayor James requesting that he set up a retreat for Council Members to sit down and discuss the problems of the City with him, the Business Administrator, Department Heads and Managers, and how best to attack such problems so that the City can be moved forward at a faster pace.

6-F-c.

The City Clerk read An ordinance to amend and supplement Title 24, Transportation, Chapter 1, Taxicabs, Sections 1, 3, 4, 9, 10, 25, 54 and 59, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented (By providing for more rules and regulations for Taxicab Operators, to raise the current Taxicab Rates and Imposing Penalties for Violations thereof.

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Mr. Lee Williams, Manager, Taxicab Commission met with the Council March 12, 1991)

President Grant read the following statement:

"On April 3, 1991 the Municipal Council convened a special meeting to consider an increase in taxi rates in the City of Newark. The last rate increase occurred in 1982. The Municipal Council has been requested to consider a 10% increase. Based upon the evidence presented on April 3, 1991 the Municipal Council makes the following findings of facts:

1. Since the last rate increase in 1982 taxicab owners and drivers have experienced significant increases in the price of liability insurance. In 1986 the insurance rates were \$5,947.00 and increased in 1990 to \$8,127.00 roughly 37.5%.

2. There has been an increase in the cost to maintain and operate motor vehicles. In 1986, the cost to operate a vehicle was \$11,836.00 and in 1988 the amount increased to \$13,364.00.

3. The consumer price index has steadily increased while taxi rates have remained the same. The percentage increase in the CPI from 1986 to 1990 was 23%.

4. Many of the taxi cabs operating in the City are rented and the cost has increased by approximately 28.8% from 1986 to 1990. (\$35.00 to \$45.00).

5. Newark's metered taxi rates and flat rates from Newark International Airport are among the lowest in the area while the cost of liability insurance is the highest for vehicles operating in the City.

Based upon the aforementioned findings of fact and presentation from the Division of Taxi Cabs, the Municipal Council finds that a 10% increase is reasonable and just."

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Council Member Tucker and declared adopted by President Grant by the following votes:

Yes: Council Members Bradley, Branch, Carrino, Harris, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on May 1, 1991.

BOARD OF ADJUSTMENT APPEAL.

- 4-A-1.** The City Clerk read In the Matter of Application of Eleanor Rivera to permit in Third Residence and Second Business Districts conversion of basement of two-family dwelling into offices for nursing services and with one insufficient side yard and insufficient on-site parking on premises 211 Ridge Street, Newark, New Jersey.
(Copy of transcript submitted to each Member of the Council)
(Mr. Carlos Neto, Appellant)
(Board of Adjustment hearing held February 13, 1991)
(Transcript filed March 12, 1991)

The Board of Adjustment at its regular meeting held February 12, 1991, approved the application by 7 ayes and 0 nays.

The transcript in connection with this matter was received March 12, 1991, and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On March 12, 1991, the City Clerk notified the applicant, the applicant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting April 17, 1991, at 8:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment In the Matter of Application of Eleanor Rivera to permit in Third Residence and Second Business Districts conversion of basement of two-family dwelling into offices for nursing services and with one insufficient side yard and insufficient on-site parking on premises 211 Ridge Street, Newark, New Jersey. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No new testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and the place for the appeal to commence.

MR. ANTHONY CABELO, ESQ., 76 MT. PROSPECT STREET, NEWARK, NEW JERSEY, ATTORNEY FOR MR. CARLOS NETO, APPELLANT, addressed the Members of the Municipal Council opposing this variance.

MR. JUDE TONZONA, ESQ., 292 LAFAYETTE STREET, NEWARK, NEW JERSEY, ATTORNEY FOR THE APPLICANT, requested the Municipal Council affirm the Board of Adjustment's decision on this application.

Council Member Carrino stated the following:

"On February 13, 1991, the Board of Adjustment by a 7-0 vote granted a variance to permit the conversion of the basement of a two family dwelling located in a third residence and second business district into offices for nursing services and with one insufficient side yard and insufficient on-site parking.

A hearing was held on the application for the variances by the Board of Adjustment. The applicant, Eleanor Rivera was present and testified. Additionally, the applicant's architect, Robert Cozzarelli, testified on behalf of the applicant.

There were several objectors who testified and they were represented by their attorney, Anthony Cabelo.

After all the testimony was presented, the application for the variances to permit the conversion of the basement of the two-family dwelling into offices for nursing services with insufficient side yard and insufficient on-site parking was approved with the condition that the variances extend only to the owner who occupies the property as a resident. The Board of Adjustment adopted the resolution after the hearing on February 13, 1991 and memorialization on February 27, 1991.

114/4
April 17, 1991

The decision of the Board of Adjustment was based on the following factual findings:

1. The applicant's lot is located on the east side of Ridge Street north of Bloomfield Avenue. It is approximately 23' x 100' in size and on it is a two-family dwelling. The area within a 200 foot radius is composed principally of stores and dwellings and a school.

2. The office for nursing services business is not client intensive as it supplies hospitals including Columbia and St. Michaels with nurses.

3. There will be three employees for the business.

4. The owner and applicant are the same person.

5. The applicant will live on site on the second floor.

The Board of Adjustment further determined that the relief requested by the applicant can be granted without detrimental effect as such will enable the applicant to supply beneficial services to the community.

Under present law the Newark City Council as the governing body, has the authority to make a de novo review of the record established before the Board of Adjustment and make its own decision in this matter, subject only to the requirement that its findings and conclusions are supported by the record. Kessler vs. Bowker, 174 N.J. Super 478 (A.D. 1979). The Council is directly responsible to the citizenry and has the right to apply its' own expertise and knowledge of the community and make a final evaluation based on the record created before the Board of Adjustment. Thus the Council may reverse, remand or affirm, wholly or in part, or may modify the final decision of the Board.

Applying this standard here the Council has reviewed the transcript of the hearing before the Board of Adjustment and makes the following determinations:

1. This Councilman does not support the Board's conclusion granting the requested variances and notes the absence of any evidence of applicant's hardship in the record before it. See: Nash v. Board of Adjustment of Morris Township, 96 N.J. 97 (1984).

2. Objections to the application as evidenced by the testimony were as follows:

(a) The granting of the variance will have a detrimental effect on the neighborhood and the public good.

(b) The applicant has maintained the property in violation of the Newark Municipal Ordinances and has continued to have garbage and debris on the front of the property, on the rear of the property; and illegal tenancies.

(c) The applicant has made continued mis-statements of fact to the Board which affects the applicants credibility.

(d) The granting of the variances will create parking problems.

Based on the foregoing reasons I am hereby requesting the Council reject the variance permitting the conversion of the basement of a two-family dwelling into offices for nursing services with insufficient side-yard and on-site parking, at the premises cited above, was made by Council Member Carrino, seconded by Council Member Villani and declared adopted by President Grant by the following votes:

Yes: Council Members Bradley, Branch, Carrino, Harris, Martinez, Rice, Tucker, Villani, President Grant.

PENDING BUSINESS ON THE AGENDA.

- 9-a. Proposed "Ordinance amending the Charter of the City of Newark, New Jersey, by the abandonment of the Run-Off Elections; pursuant to the provisions of N.J.S.A. 40:45-21. (Placing on a public referendum at the General Election of November 5, 1991, for Newark citizens to vote on the elimination of Municipal Run-Off Elections)."

Council Member Martinez read the following statement:

As you know the City of Newark experiences a run-off election as a result of the May Municipal election every four years. However, the reduced voter turnout for the run-off election is a clear demonstration of a growing lack of interest on the part of the public. In a year with a run-off election the public is confronted with a School Board election in April, a Municipal election in May, a primary election in June followed two weeks later by a run-off. All in a period of approximately six weeks.

I have been contacted by residents from across the city who have indicated their desire to see run-offs eliminated. As shown by the results of such election in most cases the results are the same. However, the period between the Municipal and run-off election creates an atmosphere of divisiveness and tension that is both unwarranted and unnecessary, beside being expensive.

The cost for each election to the City of Newark is approximately \$250,000.00. This is money that could be used for many other concerns in the community. At this time given cuts in federal funding, cuts in state funding, increases in garbage disposal costs, sewage disposal, water costs, homelessness and crime, money is a critical issue. I am sure that \$250,000.00 could be used to address these critical concerns.

New Jersey statute allows the Newark Municipal Council to place the question of continuing the run-off election process or eliminating it on the ballot for the general election in November. Such a move on the part of the Council would permit the public to decide the issue. I am of the opinion that it is the public and not elected officials, for whatever reason they might have, that should represent the voice of government. The people should be heard on this important issue.

At the public meeting on April 3, 1991, I introduced an ordinance that would have placed the issue before the public. However, the vote was four (4) in favor, four (4) opposed and one (1) abstention resulting in a failure to pass. This action denied the people an opportunity to be heard. At a subsequent meeting on April 7, 1991 the issue again failed to pass.

State law also provides in the absence of a decision by the elected officials the public may through a petition by registered voters bring a question to the ballot. To accomplish this the public must collect enough signatures of registered voters equaling ten percent (10%) of the total rates in the last general election for members of the New Jersey General Assembly. The petitions must be filed with the Newark City Clerk prior to August 31, 1991. If the petitions are ruled valid by the clerk the question will appear on the November ballot.

I am of the opinion and many residents agree that, whether or not the answer is yes or no, the public has a right to be heard on this issue. Nine individuals should not be allowed to prevent a full public debate of this issue and resolution.

1203
April 17, 1991

A committee has been formed to circulate the petitions throughout the City of Newark and place this question on the November ballot for a vote. Enclosed for your consideration is a copy of the petition and the State statute giving (YOU) the right as a registered voter to make the final decision. Let your vote be heard, please sign the petition and return it to the address indicated before August 1, 1991. With your assistance the voice of the people will be heard.

I look forward to your assistance on this issue.
